EXPERIENCE

Coding House, Fremont, CA — Software Craftsman

October 2015 - PRESENT

My time is split between building weekly full-stack apps and assisting in teaching incoming student developers.

Apple Store, Oxford, OH — Tech Advisor

October 2013 - May 2015

Assisted customers in choosing which new technologies applied best to their particular needs.

Miami University, Oxford, OH — IT Technician

October 2013 - May 2015

Repaired personal and work computers and phones while using a suite of issue and project tracking software to coordinate between hardware and software teams.

EDUCATION

Coding House, Fremont, CA — Full-Stack Development

June 2015 - October 2015

Learned to use a number of MEAN stack technologies, but above all else I learned how to teach myself and tackle any new framework or library.

Miami University, Oxford, OH — B.A. International Studies

August 2013 - May 2015

Studies heavily focused in international economics and Eastern European politics.

Wittenberg University, Oxford, OH — International Studies

August 2011 - May 2013

Studies heavily focused in international economics and Eastern European politics.

SKILLS & Tools
