EXPERIENCE

Coding House, Fremont, CA — *Software Craftsman*

October 2015 - PRESENT

- Developed nearly two dozen full-stack web applications for clients and inhouse needs.
- Helped double client size and employee size in under 6 months.
- Learned new tools on the fly (Foundation, Webpack, AWS).

Apple Store, Oxford, OH — *Tech Advisor*

October 2013 - May 2015

- Worked directly with customers to identify issues.
- Clearly communicated the use and solution provided by different products available.
- Demonstrated strong verbal and written communication skills through direct conversation and written emails.

Miami University, Oxford, OH — *IT Technician*

October 2013 - May 2015

- Assisted in repairing hundreds of computers a year.
- Proved my strength as a team player, maintaining open and effective communication.
- Proved my strength as a leader, managing team tasks and making sure weekly and monthly cycles met strict deadlines.

EDUCATION

Coding House, Fremont, CA — *Full-Stack Development*

June 2015 - October 2015

- Drastically improved my ability to teach myself, and quickly.
- Developed dozens of web and phone applications.
- Developed confidence building MEAN stack applications.

Miami University, Oxford, OH — *B.A. International Studies*

August 2013 - May 2015

- Focused primarily on international economics.
- Developed strong writing and speaking skills.
- Maintained high GPA and received several academic honors.

Wittenberg University, Oxford, OH — *International Studies*

August 2011 - May 2013

- Received several academic honors.
- Lead as men's varsity track team captain.
